Turn Website Visitors into Qualified Sales Leads

WAVI

Website Anonymous Visitor Identification

Because you need more than just numbers.

What does WAVI* do? WAVI helps turn anonymous website visitors into **qualified sales leads**.

2%

Only 2% of web visitors will ever call or submit an email form. **We identify the other 98%.**

*Website Anonymous Visitor Identification

Complex  Discovery

Because you need more than just numbers.

The sales team wants to know who is visiting the website and what they are interested in the moment they visit.

~~Google Analytics~~

Google Analytics will give you a lot of information, but it does almost nothing for the direct sales effort.

WAVI will tell you who is on your website, what they are interested in and you will get an email alert at the moment they visit.

Because you need more than just numbers.

1 Prospect browses to your website.

2 Invisible WAVI code captures and forwards visitor information in real-time for WAVI evaluation.

How WAVI Works

3 WAVI determines what company your visitors are from and their interest while they are on your site.

4 WAVI organizes the information and sends you a real-time email alert.

Because you need more than just numbers.

Additional WAVI Tracking

Ok, that is all we know about this prospect.

We will email you again if this person returns but we have 2 other options for you. You can add this company to your Hot List or you can add this company to your exclude list. If you do nothing, we will repeat this email to you when they return.

If you act quickly, you may be able to get them on the phone before they leave your website. A large percentage of sales is simply timing. Talk about great timing!

Oh, yeah. This is a hot prospect. Add this company to my watch list and alert me as soon as they return.

Eight Simple Reasons to Consider WAVI

1. WAVI tells you in **real-time** who is on your website and what interests them.
2. You are spending big money to drive prospects to your website. You can use WAVI to help your sales team further engage website prospects.
3. It will literally take your webmaster **5 minutes to install**. Simply paste the invisible code to your website. There is nothing else to do.
4. WAVI **sorts consumer visitors from business visitors**, so sales is not bothered by false alerts.
5. You already have Google Analytics. WAVI is not a replacement for analytics. It is designed to give your sales team the information it needs.
6. Know the exact moment a new prospect is on your website because timing is everything.
7. **Very inexpensive** and one of the highest ROIs you will ever see in a sales tool.
8. Once installed, it just works. **All your sales team has to do is check email.**

Because you need more than just numbers.
