ComplexDiscovery is a blog of current news, views and insight related to data and legal discovery. Visit the complete site at ComplexDiscovery.com.

¹ **Data Discovery** is the exploration of patterns and trends within unstructured data with the objective of uncovering insight and driving action.

² **Electronic Discovery** (Legal Discovery) is the process of identifying, preserving, collecting, processing, searching, reviewing and producing electronically stored information that may be relevant to a civil, criminal, or regulatory matter.
