

A vintage sextant, a navigational instrument used to measure the angle between celestial objects, is shown resting on a map. The image is overlaid with a semi-transparent blue filter. The text "Effectively navigating litigation and information lifecycles? L2 can help." is centered over the image in a white, sans-serif font.

Effectively navigating litigation and  
information lifecycles? L2 can help.

A brass sextant is positioned over a map, with its arc and scale visible. The image is overlaid with a semi-transparent blue filter.

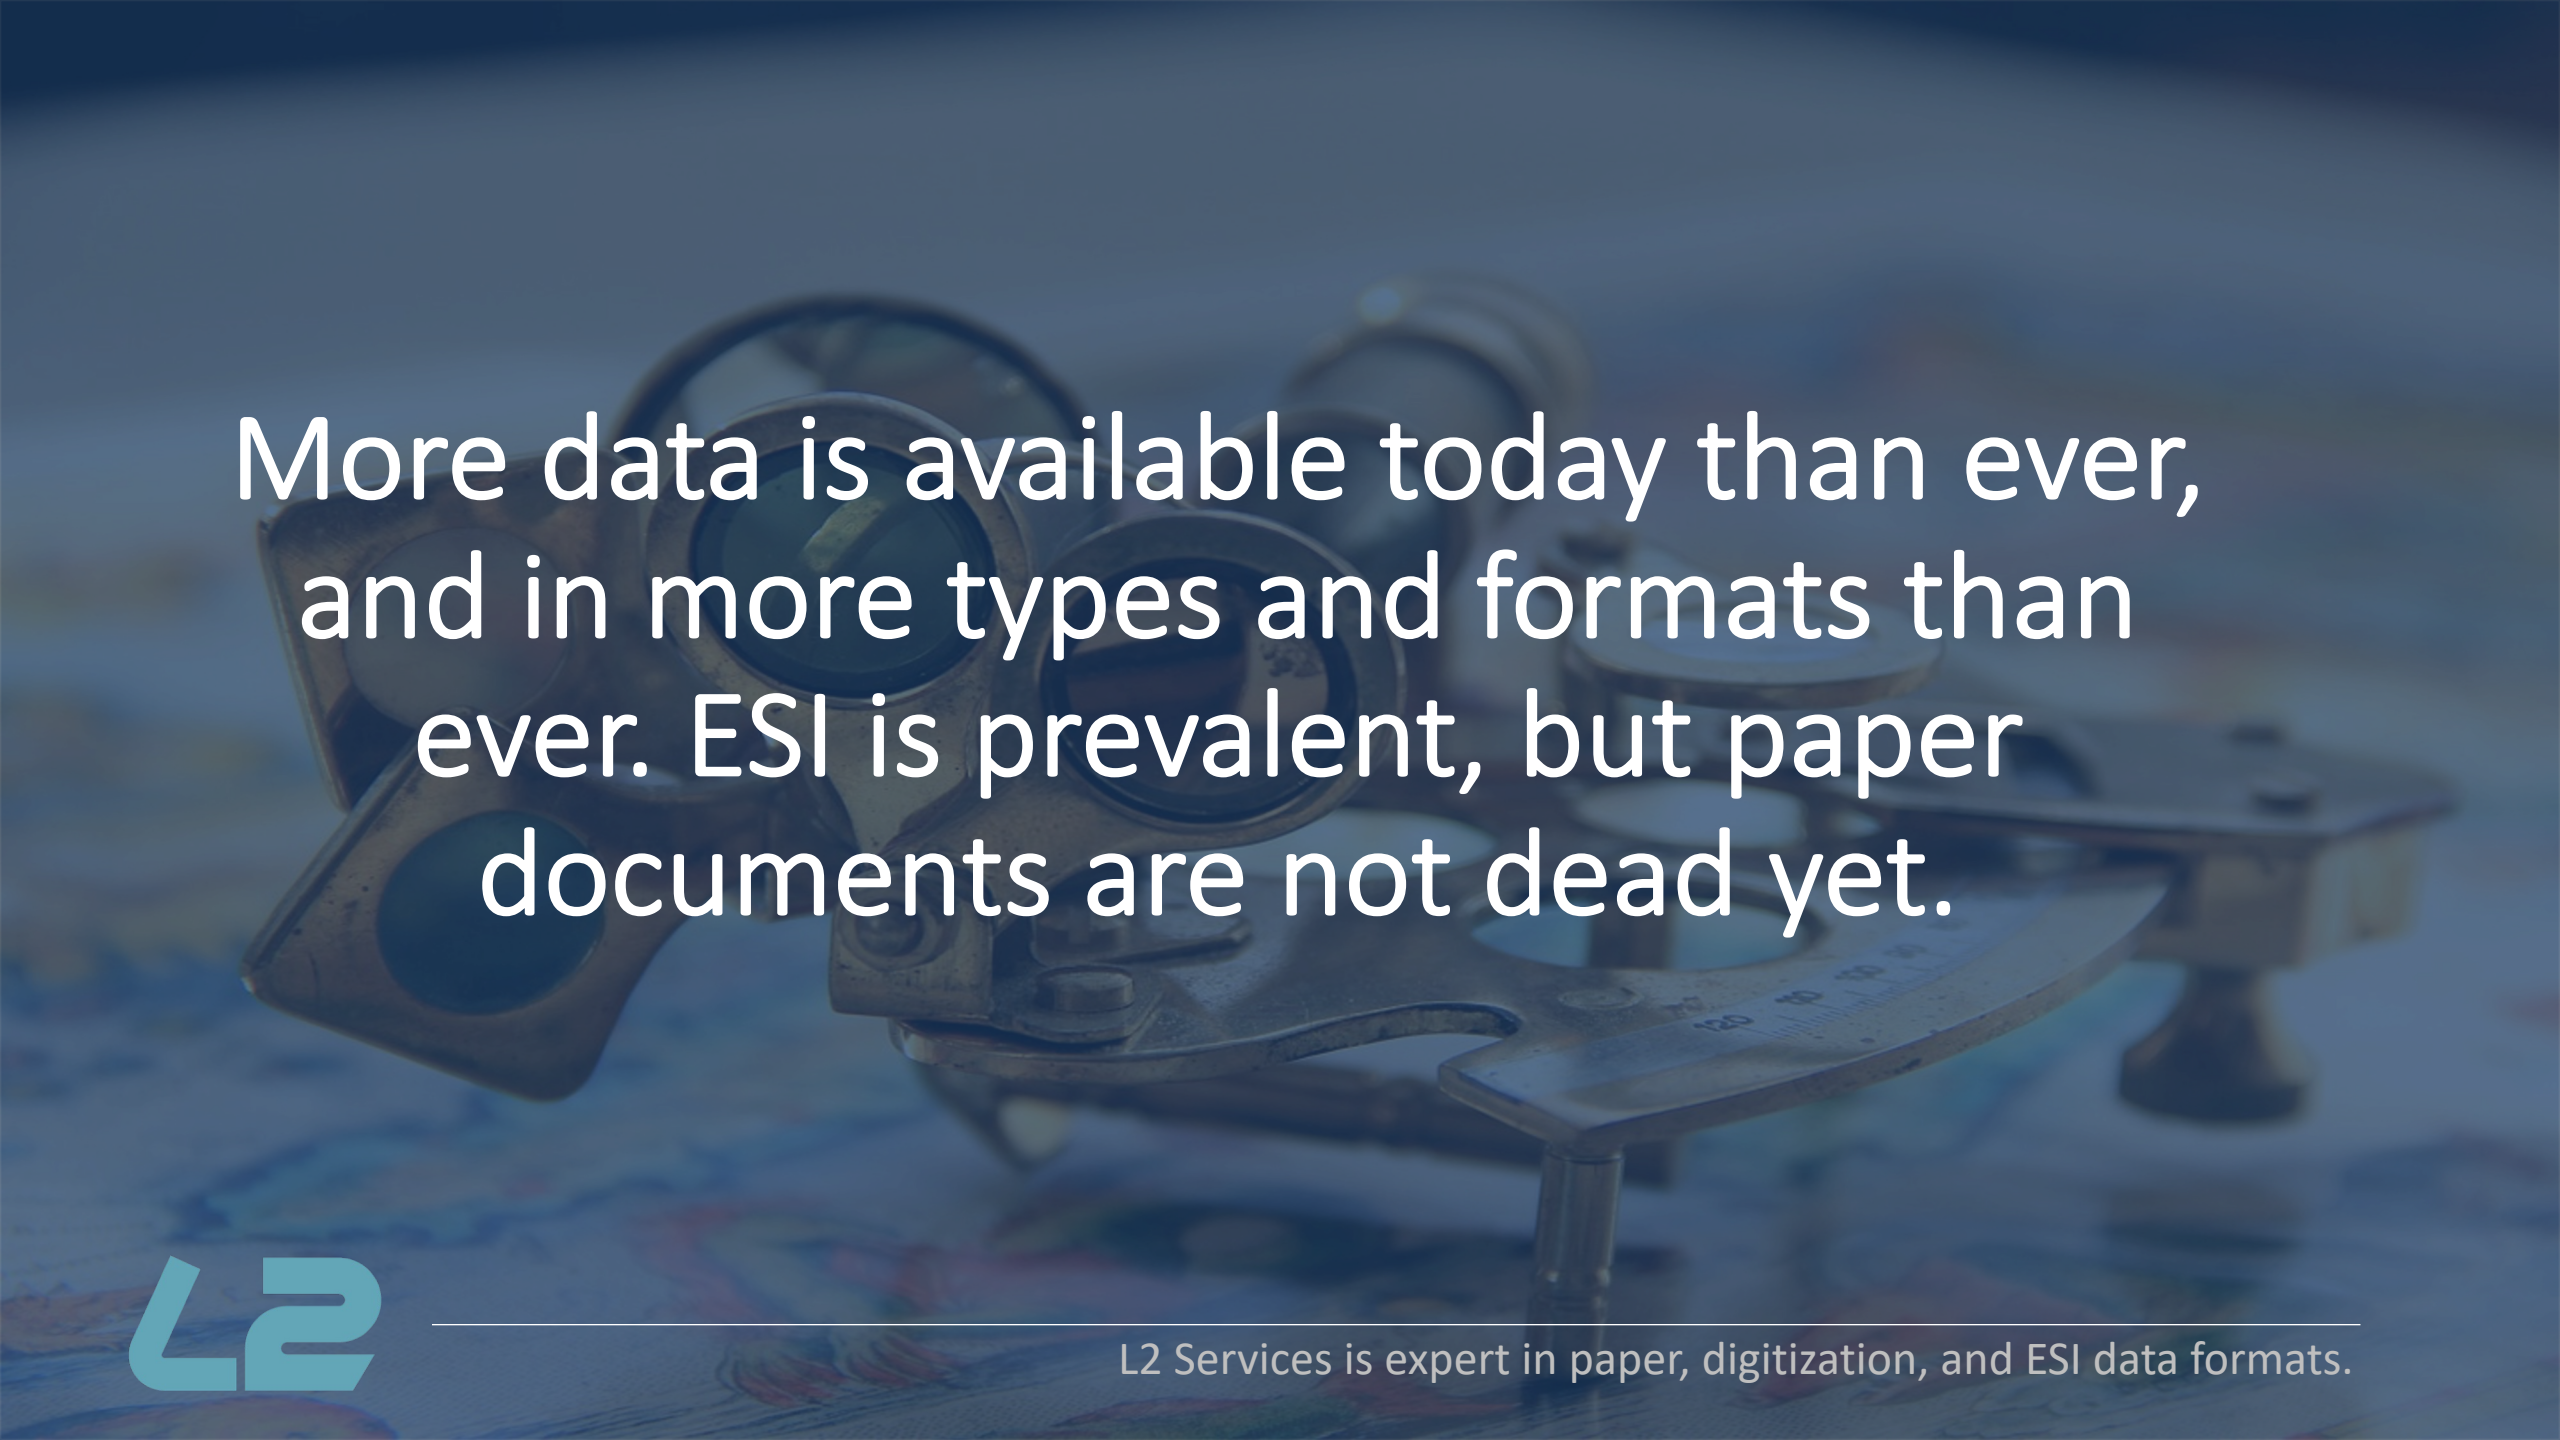

Integrated management of litigation and information lifecycles, from discovery to destruction, is key to achieving optimal outcomes for litigation and business.

---

L2 Services provides premium discovery, litigation, and business support services.

More data is available today than ever,  
and in more types and formats than  
ever. ESI is prevalent, but paper  
documents are not dead yet.

---

L2 Services is expert in paper, digitization, and ESI data formats.

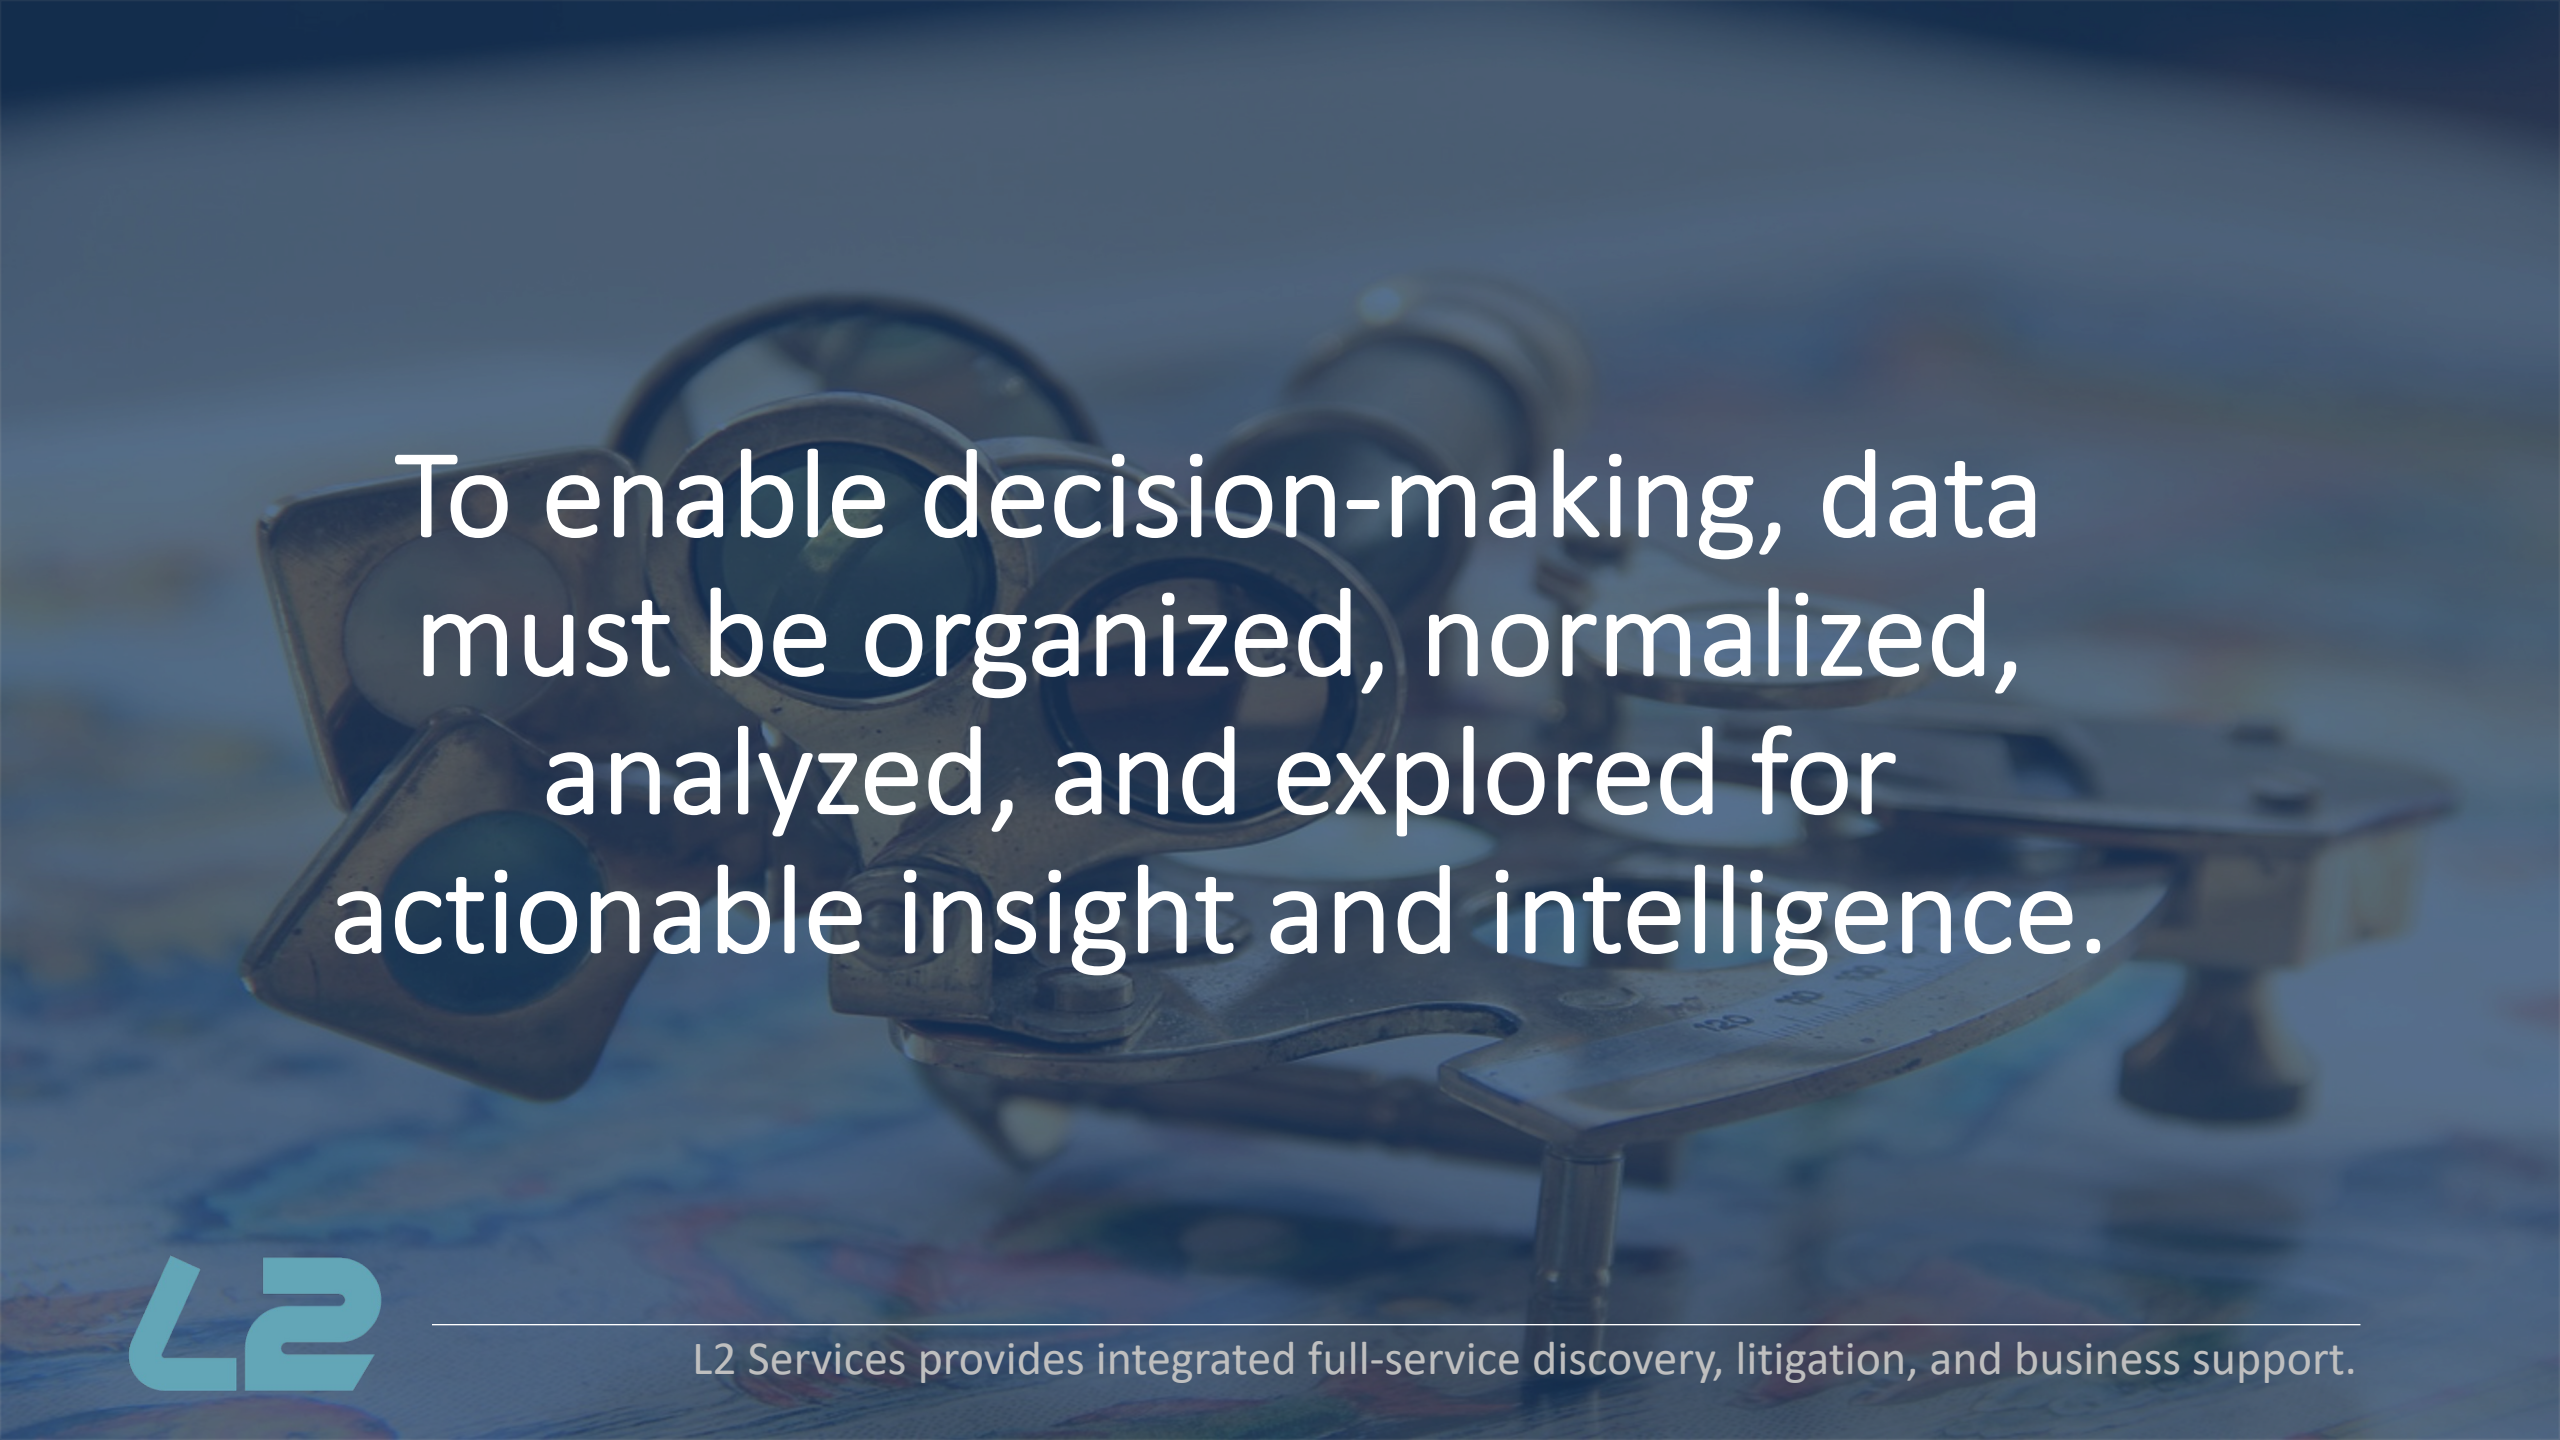

Data drives legal and business decisions.  
Speed to decision points matter.  
So does precision and completeness.

---

L2 Services supports law firms, legal departments and businesses.

To enable decision-making, data  
must be organized, normalized,  
analyzed, and explored for  
actionable insight and intelligence.

---

L2 Services provides integrated full-service discovery, litigation, and business support.

L2 Services can help.

---

L2 Services helps organizations optimize results with speed, precision, and completeness.

# L2 Services
