

8.2.23 Integreon Tools

Software Information

Integreon maintains strong partnerships with the world's leading technology developers for hosted review and analytics, including kCura's Relativity, OpenText, and Venio Systems. These partnerships provide access to the review experience and multilingual expertise of Integreon combined with the technical capabilities of each partner. Clients gain a best-in-class solution for their first-level document review, which can bring together analytics and technology-assisted review with Integreon's renowned Lean Six-Sigma processes and workflows.

Data Reduction and ECA Software:

Integreon's tools include **IPRO Allegro**, **Mindseye TunnelVision**, and **VenioOne** and enable testing different parameters for data domains, email senders and recipients, file extensions and other metadata fields, making data easier to visualize and the process for defensible reduction more manageable.

The easy-to-use web interfaces also allow clients to test date ranges, key terms and derivatives; select de-duplication options; and set file-type and domain exclusions to ensure relevant documents are sent into subsequent full processing and review.

Processing and Production Software:

Integreon's technologies for full processing include **IPRO's eCapture**, **Mindseye's TunnelVision**, and **VenioOne** among others. Integreon's discovery consultants also work with each client to select the tools and technologies that will best meet their specific needs and case requirements.

Hosted Review Software:

Integreon's technologies for hosted review include:

- **Relativity from kCura:** Integreon has been a partner with kCura, developers of Relativity e-discovery software, since 2010. Integreon is a Relativity Premium Hosting Partner.

Integreon offers clients the choice of (1) using the Relativity review platform as an a la carte hosted service, (2) as a managed service, or (3) as an integrated document review process that combines the review platform with managed review services. The company also provides exceptional support from a team of Relativity Certified Administrators.

- **OpenText:** Integreon and OpenText have been working together for three years, and more recently formed an alliance partnership as a mutual commitment to their clients in support of review engagements in the UK and Canada.

The partnership provides clients access to the review experience and multilingual expertise of Integreon combined with the technical capabilities of Recommind. Clients also gain a best-in-class solution for their first-level document review, bringing together OpenText's innovative analytics and predictive coding technology and Integreon's renowned Lean Six-Sigma processes and workflows.

- **VenioOne:** Integreon and Venio Systems recently announced a partnership in which Integreon has become a "trusted partner" for offering and support of the VenioOne and Venio On-Demand platforms. Through this technology partnership, Integreon offer Venio as an all-in-one web-based e-Discovery solution that helps law firms and corporations to decrease costs, lower risks, increase reliability and improve management of litigation.
