<p><u>Company Description</u></p> <p>At iCONNECT we build advanced legal review software that helps law firms, corporations and government agencies address complex review projects more cost effectively. It's as simple as that. In fact, we've been creating powerful software for over two decades – truly innovative tools that empower people and organizations to optimize workflows and manage big data in the cloud or on-premise worldwide.</p> <p>Our new iCONNECT v10 platform continues to blaze the trail for next generation thinking. In a world where many e-disclosure applications create more confusion than clarity, our iCONNECT v10 platform establishes a paradigm for intuitive software that blends powerful functionality with easy to use features. It is designed to support how people actually think and interact with technology versus how engineers think they should.</p> <p>Genuine innovation doesn't stop at products, it runs through our company culture with everything we do including exemplary customer service and strategic programs engineered to help our clients and partners excel in multiple roles, industries and markets worldwide.</p> <p>iCONNECT services law firms, government, corporate legal departments and legal service providers (LSP) located in the UK, United States and Canada.</p>	
<p><u>Vendor Offerings</u></p> <p>iCONNECT v10 uses our new innovative features such as Oversight; quickly identifies mis-classified documents, CAL; Continuous Active Learning platform that quickly identify and focus on documents that really matter and COVER; a module that gives you identification, report and redaction/blackout of PII, PHI, sensitive data or keywords to comply with CCPA and GDPR standards.</p>
