<p><u>Company Description</u></p> <p>Media Resources is a leading professional tape services organisation, providing data storage solutions including data restoration services, with specific expertise in identifying and extracting targeted information, for Electronic Data Discovery (e-Discovery), Information Management and Corporate Compliance purposes.</p> <p>Our mission is to work with our clients to reduce the risks, costs and business pressures associated with tape processing environments. We address 3 key areas;</p> <ol style="list-style-type: none"> 1. The supply of tape media. 2. Ensuring the ongoing accessibility of data. 3. The secure retirement of data bearing assets. <p>Our process allows us identify, extract and restore information from virtually all physical tape formats and logical backup formats, without recreating the original environment, therefore allowing access to required data in the fastest possible time and at the lowest possible costs.</p> <p>Whether required for e-discovery or other tape restoration requirements, our services are delivered by highly experienced professionals, with tape specific expertise of over 30 years, in our dedicated and secure Data Services centre, centrally located less than an hour's drive from London.</p>	
<p><u>Vendor Offerings</u></p> <p>Our Solutions, both reactive and pro-active, are designed to deliver significant business benefits when organisations are faced with complex and expensive tape preservation and restoration demands. They include;</p> <ol style="list-style-type: none"> 1. Tape e-Discovery 2. Tape restoration on demand 3. Tape discovery and remediation 4. Audio Restoration and Processing <p>Our Tape Discovery and Restoration services;</p> <ul style="list-style-type: none"> • Incorporate Engineering skills to deliver a highly scalable service. • Utilise efficient workflows. • Are subject to strict media management processes that ensure all data is identified, restored and delivered to the client. • Follow a forensically sound and legally defensible process.
