<p><u>Company Description</u></p> <p>Over the last ten years, Opus 2 have delivered game-changing legal technology and services that have helped global legal teams conduct some of the most complex international arbitrations, litigation and public inquiries.</p> <p>Trusted by 96% of the top 50 international law firms, their pioneering cloud-based technology allows legal teams, counsel and clients to access case data from anywhere in the world and at any time, streamlining communication and enabling more efficient management of the proceedings.</p> <p>The highly-secure Opus 2 platform, tailor-made for lawyers, connects people, case information, analysis and data throughout the lifecycle of a dispute.</p> <p>How can Opus 2 help?</p> <ul style="list-style-type: none"> • Connected case analysis – Break down barriers by enabling lawyers to annotate documents, share facts, questions and analysis, and search for information – in one central, secure solution. • Electronic hearings for arbitration and litigation – Turn your hearing room into a connected environment with an electronic bundle and integrated electronic presentation of evidence ensuring focus remains on the issues in dispute • Realtime transcription – Connect your entire team to a live feed of the transcript, whether they are in the hearing room or based remotely. <p>Combined with industry-leading services, Opus 2 powers paperless, cost-effective and efficient case preparation and hearings worldwide.</p> <p>Why lawyers choose Opus 2</p> <p>“Professional throughout, the Opus 2 team were prepared for and responded to all of our in court and out of court needs. Opus 2 is an intuitive and straightforward software, making it a key tool in proceedings. We could not find anything else which compared to its offering” – Siân Jones, Partner, BDB Pitmans LLP</p> <p>Why judges choose Opus 2</p> <p>“Opus 2 enabled the trial to be concluded within the allotted timetable, and with the maximum efficiency. It also provided the inestimable advantage, from my perspective, of being able to access my notes made during trial, and the full galaxy of the trial bundles, from wherever I was and at whatever time of day (or night)” – Lady Justice Gloster in her judgement on <i>Berezovsky v Abramovich</i></p>	
<p><u>Vendor Offerings</u></p> <p>Opus 2 Magnum – a proprietary document management and electronic bundling tool which has made paperless trials a reality and is revolutionising the way in which lawyers access, share and manage their documents in the trial preparation phase and beyond. A versatile tool – Magnum can be used at any stage of the litigation/arbitration lifecycle.</p> <p>Opus 2 Magnum Realtime – a court transcription tool that allows access to the live feed of proceedings as the action unfolds. Realtime is a highly secure, sophisticated portal to your live hearings. Whether they occur in a nearby courtroom or an</p>	

arbitration centre in another hemisphere, you may access the entire live proceedings from anywhere – not just from within the hearing room. At the conclusion of the day's session, Opus 2 synchronises the audio from the live session to the final transcript, allowing all participants to log in and re-live any moment from the day's proceedings.

Electronic Presentation of Evidence (EPE) – any evidence called in the hearing room will be instantly displayed on any number of screens controlled by our experienced EPE officer. If used in conjunction with Magnum, individuals will be able to gain immediate access to their own versions of the documents (with all annotations) alongside the full, clean version of the document that is shared throughout the hearing room.

Alongside the services listed, all clients will be given a dedicated, experienced Project/Case Manager who will act as a primary point of contact, providing consultative services throughout the client's hearing and ensuring that the transition from a paper to electronic trial bundle runs efficiently and exceeds client expectations.
