<p><u>Company Description</u></p> <p>Ricoh consults with corporations, law firms, and government entities that face information governance and eDiscovery challenges. As data volumes continue to grow exponentially – and many organizations find themselves struggling with aspects of managing that information. Ricoh’s Information Governance (IG) services provide the foundation of effective compliance, data governance, and risk management to address information obstacles – from data acquisition through disposition.</p> <p>We design and implement solutions that improve processes and greatly enhance insights into business critical and sensitive information. Our expertise and innovations have transformed legal and compliance operations, making access to information faster and easier, improving business, legal, and risk and compliance outcomes.</p> <p>Ricoh leverages proven methodologies and exceptional client service — and a refusal to be limited by tradition. Our 85-year history is one that is marked by award-winning innovation. In fact, Ricoh’s founder was mentored by Albert Einstein. Invention is in our DNA.</p> <p>It is this legacy, one that combines proven capabilities with continuous innovation, that has made Ricoh a trusted partner to leading corporations, law firms, and government agencies. Tap into the innovation at Ricoh and benefit from a partnership that is powered by expertise, experience, and leadership in delivering exceptional outcomes.</p>	
<p><u>Vendor Offerings</u></p> <ul style="list-style-type: none"> <li> <p>• <b>Information Governance Consulting</b></p> <p>Ricoh’s consultants design and implement complete Information Governance programs helping clients learn how to decrease costs, drive compliance, and make sound business decisions based on clean, reliable data.
