<u>Company Description</u>	
<p>Founded in 2022, ModeOne offers the industry’s first and only automated, fully remote mobile data acquisition solution with global reach. Its patented SaaS framework helps clients target, collect, and review emerging forms of digital data and short-message chat information quickly, accurately and with cost-certainty. It is the first data acquisition solution that doesn’t require a physical mobile collection kit or onsite forensics personnel. ModeOne is a Trusted Partner of the Global EDRM Alliance and a validated technology partner in the Amazon Web Services (AWS) Partner Network. The company supports litigation services providers, law firms, corporations, government entities, law enforcement agencies, and cybersecurity services firms. ModeOne’s senior leadership and consulting team offers over a century of litigation services and technology experience in electronic discovery, enterprise data security, evidence management, and digital forensics.</p>	
<u>Vendor Offerings</u>	
<p>ModeOne’s patented SaaS framework offers the ONLY truly remote, automated solution for same-day collection, anywhere in the world, of data from Apple iOS and Android smartphones for evidentiary, compliance, and/or investigation purposes. Unlike traditional data collection software tools, ModeOne’s solution does not require a physical collection kit or onsite technicians to collect the data! ModeOne is also able to target only relevant data, maintaining the privacy of an individual custodian’s personal messages and photos. Services providers, law firms, corporations, and government entities may enter into a cost-effective licensing agreement with ModeOne or pay for the technology on a per phone collection basis. ModeOne also partners with service providers who wish to integrate the ModeOne SaaS solution into its overall technology offering. Information on Services and/or Technology Partnership opportunities is available by writing to Info@modeone.io.</p> <p>ModeOne is revolutionizing smartphone data discovery. It is patented, fast, remote, targeted, global, affordable, and secure. Visit www.modeone.io.</p>
