

# PARTNER WITH US

TRANSFORM YOUR LEGAL PROCESS WITH A PARTNER THAT UNDERSTANDS YOUR CONCERNS

## PARTNER WITH RIGHT DISCOVERY FOR A COMPLETE SOLUTION TO YOUR TECHNOLOGY AND WORKFLOW NEEDS

At Right Discovery, we partner with you to deliver a seamless client experience through every step of the eDiscovery journey by providing best-in-class advisory and managed services, bundled with secure, fast, and user-friendly cloud-based technology.

Each of our technology partners have distinctive offerings that benefit our clients differently, regardless of the size, amount, or complexity of data.

Our full-service technology and staffing solution allow law firms and corporations increased efficiency and the versatility to scale or condense as needed.

### DISCOVER

Discover relevant information quickly via highly efficient ingestion, organization, review, and production of documents.

### INFORM

Inform and reveal hidden details within massive troves of data at scale by harnessing the power of AI and modern computer science.

### ACT

Act on the information with colleagues, partners, or outside counsel in a highly secure, collaborative, cloud-based environment.

Our partnerships enable litigation teams to leverage our expert Project Management & Document Review Services in conjunction with industry leading technology platforms.

Our team provides comprehensive support across all facets, from data forensics, advanced analytics, and database administration to technical production support and trial technology.

**RIGHT DISCOVERY COLLABORATES CLOSELY WITH YOU TO ENSURE A SUPERIOR CUSTOMER EXPERIENCE THROUGH SEAMLESS DELIVERY OF BOTH TECHNOLOGY AND SERVICES.**

# RIGHT DISCOVERY SERVICES

WHATEVER YOUR LITIGATION NEEDS, WE ARE HERE TO HELP.

WE PROVIDE SUPPORT THROUGHOUT THE ENTIRE EDISCOVERY LIFECYCLE AND BEYOND

## FORENSICS

Digital forensic discovery is the linchpin in uncovering the truth. From cybercrime to litigation, meticulous data gathering is essential. Right Discovery's team of certified forensic specialists play pivotal roles in the data collection process, as well as serving as consultants and can testify on the integrity of the data during hearings.

## HOSTING SOLUTIONS

Secure, dependable, accessible and collaborative cloud-based discovery environments. We guarantee a platform that fits your eDiscovery needs no matter how unique.

## MANAGED REVIEW

Leveraging advanced analytics and Right Discovery's expertise, we ensure review support that is quick and scalable. Our approach is to lean on each of the reviewers' individual talents and knowledge base to optimize the workflow to deliver support that is quick.

## TRIAL PREPARATION

To meet all facets of your litigation needs, we support you through the entirety of the eDiscovery process and prepare the evidence to support your case. We work with you to create a roadmap for the entire trial, identifying strengths and weaknesses throughout the process.

## EDISCOVERY STAFFING

Right Discovery will provide the legal personnel to support your unique business needs, from entry-level to senior support positions. As necessary, we also provide our own employees under short-term, long-term contracts or place qualified candidates for full-time employment.
